MONTH 10

“My crawling and standing are improving every day”

You know which  
**TOY** is my favourite  
and so do I

Stay close,  
I can be afraid of  
strangers

Uh oh, I'm starting to  
get clingy with my  
favourite people

Big change – I understand the word ‘no’

My days are fun as I make lots of  
different sounds

I'm not being rude, but I use my  
fingers to point

MONTH 10

Aren't you proud, I can  
make a sitting position

Hold my hand dad -  
I can stand steady

But I still prefer crawling,  
I'm so good at it

Look out couch I will pull  
on you to stand

Let's play peek-a-boo

I'm starting to learn to move  
things from one hand to next

When you hide things  
I like to find them

Breakfast is fun as I can pick up food  
between my thumb and index finger

Yes, I still try to put everything  
in my mouth
