

babyname month 2

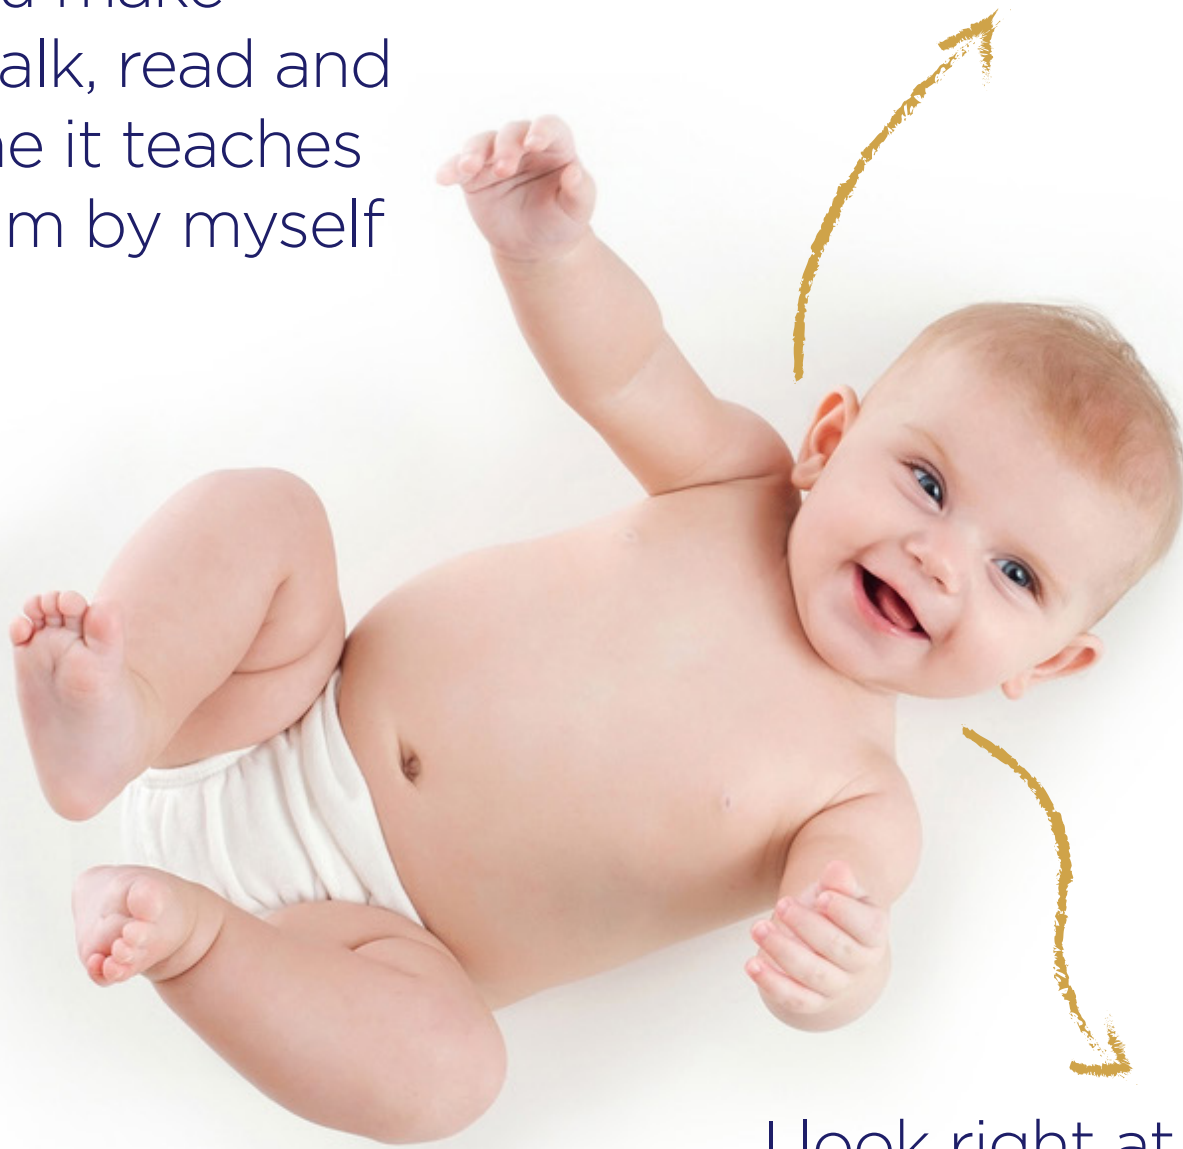

MONTH **02**

“I am learning so much about my world and love being with you”

When you make sounds, talk, read and sing to me it teaches me to calm by myself

Listen, I am starting to **MAKE GURGLING** sounds

It's not easy but we are getting into a routine of sleep and you are doing your best to get me to sleep for at least 16 hours a day

I look right at you and dad and I'm beginning to **SMILE AT PEOPLE**

I am following activities with my eyes more and more

Look, I'm starting to pay attention to faces

When bored or acting bored I cry and get fussy

Now I can recognize people at a distance
